

TESTIMONIALS

"Mike was great to work with! In the dead of winter, he took his time to complete a thorough inspection for me. As a first time home owner, he understood my concerns and was beyond helpful with all of my questions. I would definitely recommend his services! "

"As the Interior Design Director of an Architecture firm and fellow industry professional we work with contractors and construction companies daily. This past spring I was assigned the task of renovating our own office. After falling behind on schedule and short a contractor, we reached out to a large commercial construction company for a referral. I must say- that was the best call I ever made. Mike has been nothing short of a dream to work with. He is reliable, timely and impeccably detailed. He has helped make this process much easier than I could have ever asked and then some!"
